

i Braedon Turner-Fathers whould like to thank you for giving me this oppportunity, i gained skills in sailing, i know the differnce between the sides which are port (left) starboard (right) .

Keely was the chef on the boat, she made wonderfull food such as ribs, nachos, burgers seafood.

I was in Blue Watch (True Blue) we won tug of war, ROPIES (Twice) blue watch (True Blue) our first watch was Last Dog Watch, which was 0400-0800 we had to do this three times though out the voyage the watches where very cold, wet but very fun as you get to sail and bring sails back in and you get to steer the helm, also on the voyage you make really great friends from differeent age groups and places such as western Austraila and South Austraila, the crew was amazing and made all of us (17) feel welcome on the boat.

i whould 100000000% recomend this to other young youthies and again thank you very much for this great oppportunity.
